Black Thumb Car Care Products

Precision Car Care, Every Time

At Black Thumb, we believe that your vehicle deserves only the best. Our comprehensive range of car care products is designed to restore and maintain your car's appearance, delivering a showroom finish every time. From high-foaming car shampoos and tire dressers to specialized dashboard and leather polishes, Black Thumb provides solutions that are both effective and gentle on your vehicle's surfaces. Whether you're detailing interiors or preserving the exterior, our products offer superior cleaning, protection, and shine. Trust Black Thumb to keep your car looking its best on every journey.

Car Cleaning Products

Bucket Car Wash Shampoo

Cars are like kids, no matter how much you baby them, they will still get dirty and need a bath! You can't use just any soap on your car. You need a car shampoo specifically designed to protect car's paint, wax, and other surfaces. Black Thumb is super foamy extra strength shampoo with a pH neutral slick formula made from concentrated premium ingredients to deliver an excellent, shimmering finish on the car. Cuts through tough grime and dirt without ruining the wax. Rinses and cleans off the car without any residue or water spots. Suitable for all surfaces including paint, vinyl, rubber, and plastic. Get the high gloss finish on the car that's incredibly silky and smooth to touch.

Application Rate :

Dilute 20–30 ml in 5 liters of water.

How to Apply :

Apply with a sponge or wash mitt, clean the surface, and rinse thoroughly.

* Price subject to be changed without any notice

High Foam Car Shampoo

Cars are like kids, no matter how much you baby them, they will still get dirty and need a bath! You can't use just any soap on your car. You need a car shampoo specifically designed to protect car's paint, wax, and other surfaces. Black Thumb is super foamy extra strength shampoo with a pH neutral slick formula made from concentrated premium ingredients to deliver an excellent, shimmering finish on the car. Cuts through tough grime and dirt without ruining the wax. Rinses and cleans off the car without any residue or water spots. Suitable for all surfaces including paint, vinyl, rubber, and plastic. Get the high gloss finish on the car that's incredibly silky and smooth to touch.

Application Rate :

Dilute 20–40 ml in 5 liters of water or foam cannon.

How to Apply :

Spray foam evenly over the vehicle, wash, and rinse completely.

* Price subject to be changed without any notice

Ultra Color Foam Wash

Black Thumb Ultra Foam Wash is an ideal product for car washing, producing rich, dense foam that sticks to the surface and cleans efficiently. Formulated to create huge amounts of suds in a foam cannon or foam gun, it lubricates the surface to avoid scratching during washing. Powerful surfactants cut through dirt and grime, while advanced polymers lift them from sensitive paintwork, safely lubricating and gliding them off the paint for a scratch-free wash.

Application Rate : Dilute 20–40 ml in water for foam application.

How to Apply :

Apply using foam cannon or sprayer; color may temporarily stick to hands but not to vehicle; rinse thoroughly.

* Price subject to be changed without any notice

Car Glass Cleaner

BlackThumb ClearView Automobile Glass Cleaner is specially formulated to provide unparalleled clarity and shine to your vehicle's glass surfaces. Designed for effortless cleaning, this advanced formula offers a streak-free finish, ensuring a crystal-clear view through your windshield and windows.

Application Rate :

Spray onto glass surface, wipe clean with a lint-free cloth or paper towel.

How to Apply :

Shake well before use. Spray the cleaner directly onto the glass surface. Use a lint-free microfiber cloth to wipe the surface in a circular motion for best results. For stubborn spots or heavily soiled areas, allow the cleaner to sit for a few seconds before wiping. Avoid using on hot surfaces or in direct sunlight.

* Price subject to be changed without any notice

Ceramic Prep Spray

Black Thumb Ceramic Prep Spray is a premium pre-treatment solution designed to prepare surfaces before the application of any ceramic coating. This spray ensures that the surface is clean, primed, and ready for optimal adhesion and performance of the ceramic coating. Whether you're a professional detailer or an enthusiast, our Ceramic Prep Spray makes the preparation process quick and easy.

Application Rate : Use directly without dilution.

How to Apply :

Spray on the affected area, wait a few seconds, and wipe clean with a microfiber cloth.

* Price subject to be changed without any notice

Hard Water Scale Remover

Hard Water Scale Remover effectively eliminates water spot stains from vehicle's paint, glass, and metal surfaces. The sprayable formula remains on vertical surfaces for better cleaning. The advanced technology lifts mineral deposits, protecting surfaces from future water spots.

Application Rate : 1-2 sprays.

How to Apply :

Preparation: Work out of direct sunlight for best results. Clean the area to remove any loose dirt, debris, or abrasive contamination.

Application: Spray Hard Water Scale Remover on the area to be cleaned (e.g., logos, fuel tank, engine bay, grill, window glass).

Action: Leave for a couple of minutes. Do not let it dry. Reapply if required, then scrub with a brush.

Rinse: Rinse the area with plenty of water or a waterless wash solution to neutralize the scale remover.

Protection: Wax or seal the area to help prevent future contamination and water spot etching.

* Price subject to be changed without any notice

Hard Magic TSR (Tough Stain Remover)

Hard Magic is the ultimate hard stain cleaner. Ideal for tough stains like hard water scale deposits, rust, oil, and grease.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

Ultimate Touchless Cleaner

Black Thumb Ultimate Touchless Cleaner is an advanced alkaline liquid detergent-based cleaner designed for ultimate cleaning efficiency. Whether it's for washing the exterior of vehicles or cleaning various surfaces, this super cleaner effortlessly disintegrates and removes stains without the need for scrubbing. Its unique blend of surfactants and alkalinity boosters quickly breaks up and emulsifies dirt, leaving surfaces impeccably clean and shiny.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

All Purpose Extraction Cleaner

All Purpose Extraction Cleaner is ideal for cleaning interiors, exteriors, and more. It is a super cleaner that disintegrates and removes stains from virtually all surfaces. Effective for removing food, oil, dirt, grease stains, and eliminating foul odours, leaving a clean and bright surface. The superior foaming action lifts dirt away while its unique blend of surfactants and optical brighteners enhances the look and feel of carpet, upholstery, plastic, vinyl, and leather surfaces.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

Power Clean Degreaser

Black Thumb Power Clean Degreaser is a professional-grade cleaning product crafted to tackle the toughest grime and grease. Ideal for use on engines, fuel tanks, tires, and plastic surfaces, this powerful formula ensures deep cleaning and restoration. Experience superior results every time with its advanced surfactant blend that emulsifies and lifts away dirt effortlessly.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

True Residue Remover

Black Thumb True Residue Remover is expertly formulated to eliminate residual waxes, greases, adhesives, tar deposits, oils, and silicones from surfaces. This powerful cleaner is designed to remove all polish residues, preparing surfaces for durable chemically bonding coatings. Ideal for automotive detailing, industrial applications, and general cleaning.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

Spray Wax Sealant

Black Thumb Spray Wax Sealant is a next-generation aqua-based paint sealant that provides durable protection and a high gloss finish. Utilizing hydrophobic polymer technology, this spray wax delivers relentless water-beading protection that lasts for weeks. It creates a deep wet-look shine, typically expected from liquid or paste wax, in less than 15 minutes. The polymer-based formula can be applied in direct sunlight or on hot surfaces without streaking or leaving white residue on exterior plastic and trim pieces. Simply spray on and wipe off for spectacular results.

Application Rate : 1-2 coats.

How to Apply :

Shake product well before use. Spray onto a foam pad applicator, microfiber towel, or directly onto the paintwork. Spread a thin layer over the surface with an applicator pad or microfiber towel. Allow the product to dry and haze for 3-5 minutes. Buff off using a clean microfiber towel for perfect results.

* Price subject to be changed without any notice

SmoothSlide window Channel Dresser

SmoothSlide Window Channel Dresser by Black Thumb is designed to ensure the smooth movement of vehicle windows, prevent the hardening of window beading and rubber channels, and protect rubber and plastic parts from weathering. Suitable for both manual and power windows, it reduces wear and tear on rubber channels and provides long-lasting protection.

Application Rate : 1-2 sprays.

How to Apply :

Preparation: Keep the window glass down.

Application: Spray SmoothSlide Window Channel Dresser evenly inside the rubber channel of the window glass.

Make sure the product completely covers the surface.

Operation: Roll the glass up and down 3-4 times.

Reapplication: Repeat the application if required.

* Price subject to be changed without any notice

Leather Cleaner

Black Thumb Leather Cleaner is a pH-balanced product designed for the most efficient cleaning while preserving the leather's strength, durability, and appearance. It penetrates the pores of leather to lift and suspend dirt and oils, quickly and gently removing tough stains and grime from various leather items. Suitable for car seats, upholstery, furniture, handbags, purses, shoes, jackets, and accessories, this cleaner works effectively on all colors of leather.

Application Rate : Dilute 1:20 for light cleaning, 1:10 for moderate cleaning, and 1:5 for heavy-duty cleaning.

How to Apply :

Spray the solution onto the surface, scrub if necessary, and rinse or wipe off.

* Price subject to be changed without any notice

Gum, Tar & Adhesive Remover

Black Thumb Gum, Adhesive & Tar Remover rapidly removes adhesive, tape, and tar from your vehicle's painted surfaces without damaging or scratching. This surface-safe solution is easy to use and requires no abrasives or additional tools. Made with a special blend of oils, solvents, and cleaners, it effectively eliminates sticky residues while leaving a pleasant fragrance.

Application Rate : Use directly without dilution.

How to Apply :

Spray on the affected area, wait a few seconds, and wipe clean with a microfiber cloth.

* Price subject to be changed without any notice

Body Coating Glass Laminated Spray

Black Thumb Body Coating & Glass Laminated Spray is specially formulated to enhance and protect vehicle's exterior surfaces. The advanced formula creates a hydrophobic layer that repels water, dust, and grime while providing a brilliant, showroom-quality shine. Ideal for all vehicle types, this spray ensures a smooth and sleek finish, keeping your car looking new for longer.

Application Rate : 1-2 coats.

How to Apply :

Preparation: Ensure the vehicle is clean and dry before application. Shake the bottle well before use.

Application: Spray a fine mist of Black Thumb onto the vehicle's body or glass surface. Use a clean, microfiber cloth to spread the product evenly in circular motions. Allow the product to bond with the surface for 5-10 minutes.

Buffing: Using a separate, clean microfiber cloth, buff the surface to a high gloss finish. For best results, apply in a shaded area and avoid direct sunlight.

Plastic Restoring Serum

Black Thumb Plastic Restoring Serum is formulated to reverse the effects of exposure to the elements. This advanced serum penetrates and seals all trim surfaces, restoring plastic trim to its original, new-like appearance. It doesn't shine or look greasy but instead makes trim look brand new. The highly concentrated ingredients instantly transform weathered and oxidized plastic, keeping surfaces from drying out, cracking, and further oxidizing.

Application Rate : 1-2 applications.

How to Apply :

Clean the surface thoroughly with an all-purpose cleaner. Shake the product well. Apply a small amount of serum onto a foam pad or microfiber applicator. Spread the serum evenly over the plastic surface, working it in thoroughly. Allow the serum to penetrate for a few minutes. Buff off any excess product with a clean microfiber towel.

* Price subject to be changed without any notice

All Surface Shine Cream

Black Thumb All-Surface Shine Cream is a non-greasy, dry-to-the-touch, long-lasting super shine dressing designed for a variety of surfaces including tires, dashboards, leather, vinyl, plastic trim, and more. This premium cream polish penetrates deep to nourish and restore vinyl, rubber, leather, and plastic surfaces, creating a high, rich shine that lasts. Our creamy formulation ensures a non-greasy finish while protecting against UV damage, fading, and cracking.

Application Rate : 1-2 applications.

How to Apply :

Clean the dirty surface with a soft cotton cloth. Apply Black Thumb All-Surface Shine Cream on a soft cotton cloth or foam pad applicator. Spread the polish evenly on the surface. After a couple of minutes, buff with a soft cotton cloth or microfiber towel to give the surface a high gloss and durable shine.

* Price subject to be changed without any notice

Shine Master Metal Polish

ShineMaster Metal Polish by Black Thumb is specifically formulated to give the metal parts of your motorbike and car the best shine. This powerful polish is effective on brass, aluminum, copper, and chrome surfaces, removing oxidation and providing a superior shine with minimal effort. Ideal for both professionals and auto enthusiasts, ShineMaster ensures metal surfaces look their best.

Application Rate : 1-2 applications.

How to Apply :

Preparation: Ensure the surface is clean and free from dirt or grease.

Application: Apply a small quantity of ShineMaster Metal Polish on the surface of the metal.

Buffing: Buff thoroughly on the surface in a circular motion using a manual cloth or a buffing machine.

Wiping: Wipe off with a clean microfiber cloth.

Reapplication: A second application is recommended if stains persist.

Multi Surface Shine Polish

Black Thumb Multi-Surface Shine Polish is an advanced silicone-based polish that is truly multipurpose. It can be used on leather, dashboards, plastic, rubber, tires, vinyl, leatherite, and more. This spray polish provides a high gloss finish, thanks to a blend of silicone oils and conditioners that leave surfaces looking brand new. The formula offers ultimate UV protection, preventing fading and discoloration while acting as a dust and stain repellent. Enjoy a long-lasting, non-greasy, dry-to-the-touch shine with a pleasant fragrance.

Application Rate : 1-2 applications.

How to Apply :

Clean the surface with an all-purpose cleaner. Shake well, then apply 4-5 sprays of dressing directly onto a foam or microfiber applicator pad. Spread the dressing over the entire surface, working and rubbing it deep into the material. Buff off any excess residue from painted or metallic surfaces with a microfiber towel. Wait 5-10 minutes and add additional layers if needed.

Car Coating Products

Trim Shield*

Ultimate solution against oxidation, fading, and sun damage. Advanced SiO₂ formula creates a permanent bond, ensuring unparalleled durability and a captivating super glossy finish.

Application Rate : 1-2 coats.

How to Apply :

Clean the Surface: Ensure the trim is thoroughly cleaned and dried before application.

Apply the Shield: Use the provided non-absorbent cloth to apply a small amount of the shield evenly on the surface.

Wait and Buff: Allow the product to sit for a few minutes, then buff with a clean part of the cloth to achieve a glossy finish.

* Paid Sample Only

* Price subject to be changed without any notice

Graphene Coating*

Black Thumb Graphene Coating provides superior protection from dirt, dust, and grime. Its advanced graphene-based formula creates an invisible barrier that preserves the car's original condition for longer. The ultra-thin layer ensures exceptional durability, protecting against rain and UV rays.

Application Rate : 1-2 coats.

How to Apply :

Preparation: Ensure the surface is clean, dry, and scratch-free before application.

Application: Wrap the cloth around the sponge and apply 4-6 drops of Black Thumb Graphene Coating. Apply in straight lines, first horizontally and then vertically. Add 3-5 drops whenever the sponge feels dry.

Buffing: Immediately after application, buff the surface with a microfiber cloth to spread the coating and remove excess.

* Paid Sample Only

* Price subject to be changed without any notice

9H Ceramic Nano Coating*

9H Ceramic Nano Coating forms a hard, protective layer that shields surfaces from scratches, UV rays, and environmental contaminants. Its hydrophobic properties repel water, making surfaces easier to clean and maintain. The coating enhances gloss and provides long-lasting durability on a variety of surfaces, including automotive paint, glass, and metal.

Application Rate : Apply to a clean cloth.

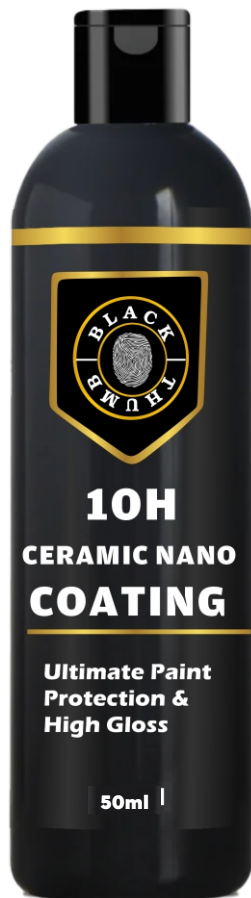

How to Apply :

Clean and dry the surface thoroughly. Apply the coating with a microfiber applicator in a crosshatch pattern. Let it sit for a few minutes, then buff with a clean microfiber cloth. Allow the coating to cure for 24 hours. Maximum protection is achieved after 5-7 days.

* Paid Sample Only

* Price subject to be changed without any notice

10H Ceramic Nano Coating*

Black Thumb 10H Ceramic Nano Coating offers superior protection for your vehicle's exterior. It forms a hard glass coating that bonds to the paint, providing high gloss protection against salt, fog, corrosion, bird droppings, UV light, and scratches. The coating enhances water beading, causing water to almost jump off the surface.

Application Rate : 1-2 coats.

How to Apply :

Ensure the surface is clean, dry, and free of scratches. Place the cloth over a coating sponge. Pour the coating liquid onto the cloth. Spread the liquid evenly using horizontal and vertical lines. Apply to an area of 1ft by 1ft. Allow 3-5 seconds for the flash time. Use a microfiber towel to wipe and polish the area.

* Paid Sample Only

* Price subject to be changed without any notice

Clear View Rain Shielded Coating*

ClearView Rain Shield Coating by Black Thumb is an advanced rain repellent designed to provide unparalleled clarity and safety on the road. The superior hydrophobic formula creates a durable, invisible layer on your windshield, causing rainwater to bead and run off effortlessly. It significantly improves visibility during rain, contributing to safer driving conditions.

Application Rate : Apply to a clean cloth.

How to Apply :

Clean: Ensure the glass surface is clean and dry before application.

Apply: Using a soft cloth or a microfiber cloth, apply ClearView Rain Shield in a circular motion, covering the entire surface.

Wipe: Wipe the glass surfaces using circular and overlapping motion.

Dry: Allow the product to dry to a haze.

* Paid Sample Only

* Price subject to be changed without any notice

Car Tyre Care Products

Car Tyre Dresser

Black Thumb Tyre Dresser made with advanced macro polymers and copolymers provide lasting, high gloss protection and prevent tire browning. Makes the tyres stay black with a rich, dark, high gloss shine for weeks longer than ordinary tire shine products.

Application Rate :

Spray evenly onto tires, let dry, and buff with a soft cloth.

How to Apply :

Apply on a cool, clean tyre. Apply medium amount on a foam applicator or soft cloth and spread evenly across tyre. Wipe off excess (especially in grooved areas) to prevent spin-off. For even higher shine, apply a second coat after waiting 10 minutes. For less shine, wipe the tyre immediately after application with a soft cloth. If you see any blemishes or streaking, reapply to that area. Take care with use as product may stain driveways. Remove over spray immediately. If necessary, remove spin-off from plastic and painted panels to avoid staining.

* Price subject to be changed without any notice

High Gloss Tyre Dresser

Instant Tyre & Trim

Black Thumb Instant Tire & Trim Shine is a highly refined oil-based dressing that penetrates deep to nourish, moisturize, and restore exterior rubber and plastic surfaces. This premium sprayable dressing and conditioner restores faded plastic and rubber to a deep, dark, high gloss shine while providing long-lasting protection. The advanced formula includes enhanced UV solar protection, ensuring that your bumpers, fender flares, door trim, side mirrors, moldings, panels, tires, and more stay protected from the elements. Absorbing quickly and finishing with a dry-to-the-touch feel, this superior product also works to repel water and detergents, keeping tire walls hydrated and looking new.

Application Rate : 1-2 applications.

How to Apply :

Clean the surface with an all-purpose cleaner or interior cleaner. Shake well, then apply 2-5 sprays of dressing directly onto a foam or microfiber applicator pad. Spread the dressing over the entire surface, working and rubbing it deep into the material. Buff off any excess residue with a microfiber towel. Wait 5-10 minutes and add additional layers as needed.

Car Odour Control Products

No-O Car Spray

Never underestimate the therapeutic power of driving and don't get it spoiled by the smell of cigarette smoke, pet accidents, sweaty body odour, spoiled spilled foods and the new car odour. Never use pleasant smells merely to cover up the bad ones. Ordinary car sprays just cover up the bad odours but No-O permanently eliminates odours on a molecular level instead of covering them. Keep your car cabin odour free, fresh, and always set ready to conquer the world ahead.

Application Rate :

Spray 2-3 times into the car interior, holding can upright, to eliminate odors and leave a fresh scent.

How to Apply : Spray
